Truman Heartland Community Foundation thanks Nancy Wilhelm for 15 Years of Service

HEARTLAND NEWS (December 10, 2009) – Change is in the air at the Truman Heartland Community Foundation. Nancy Wilhelm, Office Manager for the Community Foundation, will retire on December 31st of this year after 15 years of service to donors and the community.

When asked about why she's enjoyed working for the Community Foundation for so many years she shared, "I like what the Community Foundation does for the community. It's a great feeling to be able to help donors connect to their interests and to help charities serve their clients. I often think of Community Services League and the utility assistance they provide to their clients. The Community Foundation is a part of that! It's been great to be a part of an organization that's making a difference throughout the region."

Nancy *has* played a large part in the Community Foundation making a difference throughout the community. Her joyful service to donors, charities, professional advisors, board members and staff

has been greatly appreciated. Board Chairman, Roberta Coker, says "We will miss her dedication to the Foundation. She is always willing to respond to whatever the request in a timely and positive manner. We wish her the best and thank her immensely."

The Community Foundation will be accepting resumes and applications in person on December 17th and 18th. Visit the newsroom at www.thcf.org for additional details.
